## Full ranking with rating and category breakdown

Below is a ranking of all the cities surveyed, accompanied by the liveability rating for every city. The liveability score is the combination of all the factors surveyed across the five main categories. Scores are also given for each category.

Country         City         Rahk         (109-ideal)         Stability         Heathcare         Environment         Education         Infostavuture           Australia         Vienna         2         97.4         95.0         100.0         95.1         100.0				0	verall Rating			Culture &
